

# Academic Program Actions Approved through Routine and Staff Review

Coordinating Board for Higher Education  
June 15, 2022

## BACKGROUND

Section 173.005.2(1), RSMo, authorizes the Coordinating Board for Higher Education to approve new degree programs to be offered by state institutions of higher education. The Coordinating Board in June 2017 delegated to the commissioner of higher education the authority to approve proposals for new academic programs that meet the criteria for Routine review. Routine review applies to the proposals that are clearly within an institution’s CBHE-approved mission and service region, do not unnecessarily duplicate an existing program in the geographically applicable area, will be offered at the institution’s main campus or at a CBHE-approved off-site location, will build on existing programs and faculty expertise, and can be launched with minimal expense and within an institution’s current operating budget. Staff review applies to minor program changes to existing academic programs such as deletion, inactivation, change of title or CIP code, or change of address notification.

This agenda item reports all Routine and Staff reviews by the Missouri Department of Higher Education staff from February 2022 – April 2022 and are submitted to the Coordinating Board for Higher Education for information.

## CURRENT STATUS

Table 1 summarizes proposed program actions submitted to the CBHE by public institutions and Table 2 summarizes proposed program actions submitted by independent institutions. An itemized list of program actions is included in the attachment to this agenda item.

### Academic Program Changes Approved Routine Review

\*includes options inactivated/deleted, options added, titles changed, programs combined, and coursework revised. \*\*Includes certificates added through the program change process.

*Comments: The University of Missouri System submitted a comment on Missouri State University’s proposal to offer a PsyD in Psychology stating that the new program will serve a need in the state. They included factors to consider as the program moves toward implementation related to student debt load, practicums, and internships. Missouri State University provided further information about how these factors will be addressed for students.*

Independent Institutions

\*includes options inactivated/deleted, options added, titles changed, programs combined, and coursework revised

*Comments: The Criminal Justice program at the University of Central Missouri submitted a comment on Drury University's proposal to offer a BA in Criminal Justice, posted in February 2022. They cited concerns about duplication, need, and the proposal's curriculum. Drury University provided a response that addressed these topics. Per the department's administrative rule 6CSR 10-4.010, "In no event, section (4) of this rule notwithstanding, will independent institutions' program proposals be subject to CBHE approval."*
