

STATE TECHNICAL COLLEGE OF MISSOURI BOARD-OF REGENTS' APPROVED MISSION

The State Technical College of Missouri prepares students for profitable employment and a life of learning.

PROPOSED CBHE-APPROVED MISSION DESCRIPTION

State Technical College of Missouri, located in Linn, Missouri, is a special purpose institution with a statewide mission established in statute to make available to students from all areas of Missouri, exceptional educational opportunities through highly specialized and advanced technical education and training.

State Technical College offers programs at the certificate and associate degree level in both emerging and traditional technologies with particular emphasis on technical and vocational programs not commonly offered by community colleges or area vocational technical schools. The college's primary consideration is on the industrial and technological manpower needs of the state. It has particular strengths in Construction & Heavy Equipment Operation, Automobile & Automotive Mechanics Technology, Medium & Heavy Vehicle Technology, Utility Technology, and Machine Tool Technology.

State Technical College is authorized to assist the state in economic development initiatives and to facilitate the transfer of technology to Missouri business and industry directly through the graduation of technicians in advanced and emerging disciplines and through technical assistance provided to business and industry.

State Technical College is authorized to provide technical assistance to area vocational technical schools and community colleges through supplemental on-site instruction and distance learning as such area vocational technical schools and community colleges deem appropriate.

Consistent with the provisions of 173.030(8) RSMo, the State Technical College of Missouri every five years will provide to the Coordinating Board evidence of fulfilling its CBHE-approved mission.
