* The Application for Certification fee will be credited toward the applicant school's initial certification fee of \$660.

** Late fees are charged per day (exclusive of Saturdays, Sundays and holidays) and will not exceed a maximum of \$1,500. Late fees are assessed on certified schools that fail to respond, within a time frame to be stated in official correspondence, to the department's request for information or documentation related to recertification, grievances, department site visits, or probation.

NOTE: *Certified schools are responsible for travel expenses for all members of a department on-site review team when such review is scheduled in response to concerns raised by accreditors, students, or the general public.*

Unaccredited, degree-granting schools seeking certification to operate in Missouri may be required to undergo a site visit by department staff and external consultants with expertise in

higher education. The applicant school is responsible for all reasonable costs associated with the site visit.
